

Expense Organization

Create shared “invoices” with total amount and participants

Liam Davis

Split expenses evenly or with custom amounts/percentages

Liam Davis

Assign categories (rent, utilities, groceries, subscriptions)

Liam Davis

Recurring expenses (monthly rent, Wi-Fi, electricity)

Liam Davis

Attach notes or descriptions to explain charges

Liam Davis

Upload receipts or photos for transparency

Liam Davis

Auto-calculate each roommate’s share

Liam Davis

Set due dates for each expense

Liam Davis

User Roles + Visibility

Shared dashboard showing all group expenses

Liam Davis

Individual view of “what I owe” v. “what others owe me”

Liam Davis

Visibility into who has/hasn’t paid

Liam Davis

Role-based permissions (admin/”head” roommate vs regular roommate)

Liam Davis

Notifications when a new expense is created

Liam Davis

Ability to comment or question an expense

Liam Davis

History log of actions (who created/paid/edited)

Liam Davis

Notifications

Automated reminders before due date

Liam Davis

Overdue alerts for unpaid expenses

Liam Davis

Customizable reminder frequency

Liam Davis

Push notifications and/or email alerts

Liam Davis

Group notifications when someone pays

Liam Davis

Weekly summary of outstanding balances

Liam Davis

Payment Tracking

“Mark as paid” button for each user

Liam Davis

Payment status indicators (Paid / Pending / Overdue)

Liam Davis

Partial payment support

Liam Davis

Timestamp when payment is marked complete

Liam Davis

Summary of total balances between roommates

Liam Davis

Confirmation from payer or optional approval from expense creator

Liam Davis

Feature showing net owed between users

Liam Davis

Dashboard Insights

Visual indicators (charts, progress bars for payments)

Liam Davis

Upcoming due dates timeline

Liam Davis

Monthly spending breakdown by category

Liam Davis

“Clean slate” reset after all balances are settled

Liam Davis

Trends over time (who pays most, spending patterns)

Liam Davis
